

# Proposed Adjustment to Brooklin Area French Immersion Program Brooklin Village PS

---

**Proposed Dual Track  
Elementary School  
Junior Kindergarten to Grade 8 – English  
Grade 1 – 8 French Immersion Program**

# Regulation 3313

## School Boundaries

---

- Outlines:
  - Criteria for creating new and **adjusting existing** boundaries
  - Consultative process

# Criteria

## Boundary Adjustments

---

- Permanent boundary adjustments are primarily required for **program moves** and the relocation of student population
- Boundary Adjustment must maintain the educational viability of the program
- School Facilities must be adaptable to meet program needs and the anticipated student population

# Criteria

## School Boundaries

---

- School boundaries are designed to reflect the neighbourhood which the school is intended to serve
- Where possible, school boundaries are based on the following:
  - Municipal, community or neighbourhood boundaries
  - Local restricting parameters
    - Major road, highways
    - Rivers
    - Rail lines
    - Hydro corridors
    - Incompatible land uses

# Criteria

## School Boundaries

---

- Maximizing the walking population
- Accommodating both a peak population and a mature population

# Consultative Process

---

- Planning Staff meet with the area Superintendent, Transportation Staff and Trustee(s) to discuss the proposed boundary
- Principal(s) and SCC chair(s) are consulted
- **Public Meeting to obtain parent input, concerns and questions**
- Report is presented to Administrative Council, then to Board for final approval
